Ample and bright Salon with side balconies

4

Spacious flybridge

5

Premium grilling at sea with a built-in
LYNX gas grill on the flybridge

OVERVIEW

Giorgio is an Italian-built motor yacht featuring a GRP hull and superstructure, offering excellent seakeeping, maneuverability, and fuel efficiency thanks to her planning hull. The Monte Carlo Yachts 86 represents the perfect balance of smart production and bespoke customization—hallmarks of the MCY brand.

Powered by twin MAN engines, Giorgio cruises comfortably at 18 knots, with a top speed of 20 knots, making her ideal for both leisurely coastal cruising and more spirited passages.

Giorgio's sleek profile and hull lines are a signature of Monte Carlo Yachts' timeless design—elegant, well-proportioned, and crafted with attention to every detail. Folding balconies on both sides of the dining area enhance the connection to the sea and expand the onboard living space, creating the perfect setting for sunset cocktails or alfresco dining.

Her spacious 40-foot flybridge includes multiple lounging areas, sofas, a bar, and a built-in LYNX professional gas grill. This premium grilling station allows for outdoor cooking with restaurant-quality results—whether it's freshly caught fish, juicy steaks, or grilled vegetables, everything gains an irresistible flavor and aroma that elevates the onboard dining experience. At the bow, a stylish and comfortable sun-shaded lounge area is seamlessly integrated into the yacht's design, offering a peaceful retreat whether underway or at anchor.

Giorgio is a compact superyacht with the spirit of a much larger vessel—elegant, comfortable, and built for those who appreciate refined Italian craftsmanship, intelligent design, and the pleasure of life at sea.
