Experience Metsuyan.

Metsuyan means 'excellence'

The long list of boats owned by Metsuyan's original owner starts with a sailing dingy in Poole Harbour and ends decades later with a Spanish built 27.5 metre fast motor yacht.

During that time holidays were spent afloat enjoying the company of friends and an evergrowing family of children and, eventually, grandchildren. As the family grew, so did each vessel; from Firedrake to The Marilyn; Silver McCabe, Zirgana; and three earlier Metsuyan's.

Each provided more comfort, more features and more equipment. But these were all off-the-shelf designs. "Eventually, I decided to build a yacht to my own specification, a vessel that I could be really comfortable with", explained David Lewis in a 2007 interview for The Superyachts.

37 metre METSUYAN IV is the result.

METSUYAN IV is an elegant, luxurious yacht perfect for the holiday of a lifetime.

Delivered in Italy in 2006 by CBI Navi, this superyacht is stylish and charming, with Ken Freivokh's invitingly warm interior recently undergoing an elegant yet utterly comfortable refresh by Joanna Kerr in 2024.

This beautiful yacht and her exceptional crew combine for an unforgettable charter experience; "elevating the everyday" and transforming ordinary moments into extraordinary memories through genuine hospitality, imaginative details, and a touch of playful joy.

INTERIOR

The interior of METSUYAN IV, designed by Joanna Kerr, is a masterful blend of timeless luxury and modern elegance. Kerr's vision was to create an unforgettable experience where every detail enhances comfort and enjoyment, encapsulated in the concept of "elevating the everyday."

The main salon is a testament to this vision, featuring warm wood paneling complemented by elegant, modern furnishings. The soft, neutral color palette, accented by marine blues, creams, and whites, reflects the surrounding sea, creating a serene and sophisticated atmosphere. Large panoramic windows flood the space with natural light, enhancing the sense of openness and connection to the ocean. The salon seamlessly transitions into the formal dining area, where a large polished wood table serves as the centerpiece, perfect for elegant dinners. The dining room is further highlighted by a striking crystal chandelier and a newly commissioned oversized art piece evoking the sea, accented with gold leaf.

The upper lounge, or cocktail lounge, is designed to encourage spontaneous gatherings. Plush furnishings draped in sumptuous textiles invite relaxation and connection, while a fully-stocked bar and an extensive library with a games table add to the convivial atmosphere. The back of the bookcases features leather tiles and intentional lighting, creating a sophisticated backdrop. A gallery wall showcasing the history of METSUYAN IV adds a personal touch to the space.

Throughout the yacht, subtle nods to its nautical heritage are evident in the carefully chosen artwork and decor. New decorative lighting enhances the inviting atmosphere, while crisp white linen Roman shades with contrasting vertical stripes add a touch of casual sophistication. These thoughtful design elements ensure that METSUYAN IV is not just a yacht, but a memorable and cherished experience, blending tradition with contemporary elegance in every detail.
