Other:							

Please note, in some countries, a certificate of competency is required to use personal watercraft (jet skis, wave runners and other motorized craft). Please consider which members of your party will want to use the yacht's motorized water toys. If they do not have the required certification, please discuss this with your broker who will send you a link with valid licenses accepted in our country issued by the Croatian Ministry of the Sea, Transport and Infrastructure. Certain areas prohibit the use of motorized water toys altogether.

Which members of the charter party hold a current license for operating a personal jet ski?
