Noor II, an asymmetrical beauty, showcases Sanlorenzo Shipyards' willingness to enter uncharted territory, as the first asymmetric yacht ever built.

Step aboard NOOR II, the world's first asymmetric yacht, and experience yachting redefined. At 31 meters of visionary design and unapologetic luxury, NOOR II is not just a yacht she's a floating masterpiece. With her sleek, sculptural lines, inviting spaces, and jacuzzi perched on the flybridge, this iconic superyacht has rightfully earned her title as "The Queen of the Med."

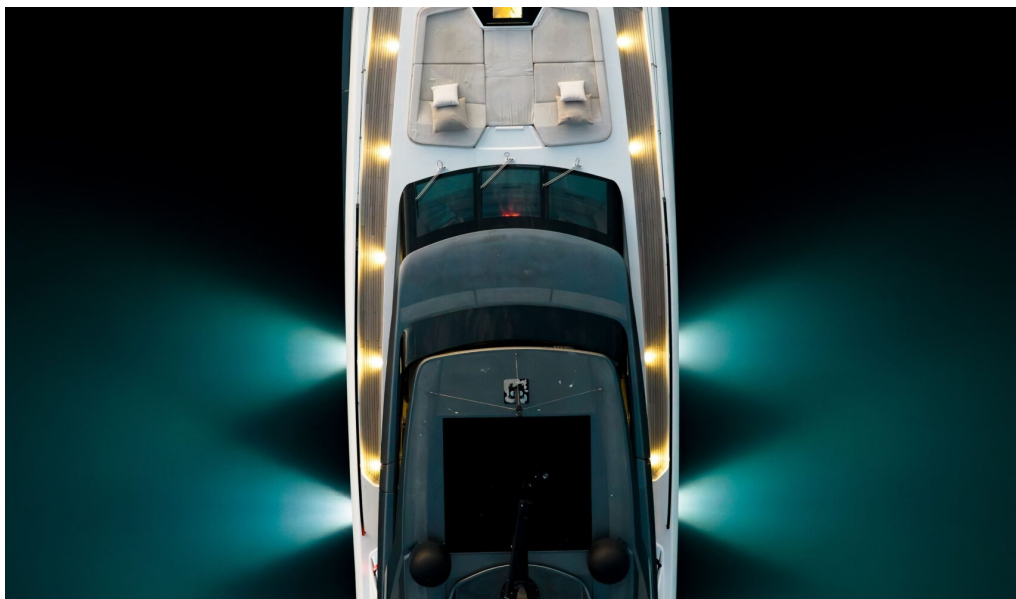

Designed by the legendary Chris Bangle, renowned automotive designer, NOOR II is a fusion of art, engineering, and innovation. Her 360-degree infinity view creates a surreal, cinematic experience a seamless connection between luxury and the open sea.

From the moment you step on board, you are greeted by the warm hospitality of Chief Stewardess, whose elegance sets the tone for your stay. Every corner of NOOR II radiates refinement from the sun-drenched decks and plush sun beds to the open-air lounges and meticulously curated interior décor.

Whether you're basking in the Mediterranean sun, sipping champagne in the flybridge jacuzzi, or indulging in a freshly shaken cocktail at the flybridge bar, every moment on NOOR II is tailored to elevate your experience.
