OVERVIEW

APNA is the 34-meter-long explorer yacht built in 2010. Three spacious decks with multiple social and relaxation areas, a variety of water toys and an inviting comfortable interior will ensure a superb cruising experience for 12 guests. The flybridge offers a Jacuzzi, a wet bar and plenty of socializing area for perfect cocktail gatherings. On the upper deck, guests can enjoy relaxing sunbathing at the aft, while the outdoor aft area on the main deck is a perfect place for al-fresco dining. Furthermore, this yacht features exercise equipment: Spin bike, a vibrating plate and various loose dumbbell weights. Apna accommodates 12 guests in six elegantly designed ensuite cabins, five double and one twin. On top of all, guests can be pampered with the luxury of having an elevator on their service. Three double cabins and one twin are located on the lower deck. The VIP cabin on the main deck has large windows that offer plenty of light and beautiful views. The Master suite on the upper deck features an outdoor seating area and a private office. Both VIP and Master cabin ensuites have a bathtub, a luxury that you can usually find on a yacht of much larger size than APNA. Completing the experience on APNA with a variety of water sports toys, including three jet skis, allows guests to fully enjoy the water activities. This is her first year on the charter market as she has been savoured by her Owner for private use only. Apna offers a truly great value for money with the luxury of space and comfort that only much larger yachts offer. Apna is a remarkable yacht with 6 crew members that guarantee 1st class service to the guests with complete enjoyment.
