One Blue

Thank you very much for the charter on One Blue motor yacht. We do not push on sales with a yacht until we have tested it with our guests. The feedback on the yacht has been amazing and it was extremely easy to work with Ivo, the captain, and Ivana was very happy with communication and the whole experience with working with you.

Make sure that One Blue will be pushed from now on for all our luxury yacht requests especially for 2024 sales which we are starting shortly.

It was pleasure working with you.
