

VALENTINA II.

description.

Classic timeless exterior meets modern contemporary interior onboard Valentina II, this 27 meter Sanlorenzo SD92 yacht. Well known for her amount of space indoors and outdoors, this semi-displacement yacht designed by Francesco Paszkowski, creates such a serene feeling on board making her the perfect yacht to comfortably explore all Croatia and Montenegro has to offer.

The four cabins are a unique feature on this yacht. One master cabin on the main deck, while the Superior VIP is on the lower deck. The other two cabins are twins, one of which converts to a double bed. All cabins are equipped with an ensuite bathroom to pleasantly host up to 8 guests.

description.

Once you've chosen your room, and have had time to take in the gentleman yacht Valentina II, head up to the fly where you will find chief stewardess shaking up your favorite cocktail at the bar. With the sea surrounding you, enjoy your cocktail in the lounging area while chef Jelena whips up some of your favorite amuses before being invited to the beautifully set table on the fly. Discuss which one of the many toys Valentina II you will be starting your day with tomorrow, while you embark on a journey with your loved ones that will be matched by no other.

Travel around Croatia and Montenegro in style, elegance and ultimate comfort onboard Valentina II.

★★★★★

Valentina II's guests

It was one of the best crews we have dealt with. Very professional all round and they knew what they were doing. Hard to find a small crew with so much depth. The Chef was insanely good for how small of space she had to work with". For my part Captain Marko has been a real pleasure to work with and very much looking forward to placing another charter aboard soon!

★★★★★

Valentina II

Without any reservation, I recommend VALENTINA II as an excellent choice in her category! Captain Marko is a superb example of a very capable, professional, personable master with wonderful communication skills and creates a superlative experience with the team he places on board to support him. Together, they ensure that no need is left unattended, and any special requests from the guests are fulfilled without hesitation. My client enjoyed a lovely 10-days during late Summer 2023 and as a yacht owner they know full-well that the boat was impeccably maintained both below and on deck. Couldn't say enough about their time and I wouldn't be surprised if you see them again soon.
