experienced crew

OVERVIEW

M/Y Renata is a state-of-the-art new superyacht, a six-cabin jewel designed to offer an unparalleled charter experience. Following the technical launch in Summer 2024, the yacht is being delivered to the Owner in Spring 2025. With its stunning blend of elegance, performance, experienced crew and luxury, Renata is set to redefine the vacation at seas. This 41-meter vessel, crafted with meticulous attention to detail, promises an extraordinary experience for both the owner and guests. She is fully stabilised, and cruises at 12 knots with trans-Atlantic range.

Renata boasts six lavish en-suite cabins. A standout feature of the yacht is the exclusive Master deck, offering a luxurious Master cabin with panoramic views and a Jacuzzi. The Master suite is complemented by a private salon and a stern deck, creating a serene and private retreat for the owner or principal guest. The Master bedroom is designed with a forward-facing bed, a terrace with comfortable seating, and its own Jacuzzi, offering the perfect space for a relaxing morning coffee or an afternoon aperitif. With five cabins located on the lower deck, four of these are double, and one is convertible twin, enabling her to have all six cabins appropriate for couples. The stern cabins are transformable into a spacious family suite, offering flexibility and the option to create a second Master cabin. All en suites have double sinks and chromotherapy showers to enhance the SPA experience, providing both luxury and relaxation, ensuring each individual enjoys their own private sanctuary. The yacht's wide-body with large hull width not only provides impressive

volumes but also enhance its stability at sea. Her powerful yet graceful silhouette is complemented by a sleek, modern explorer style that reveals her decks, adding to the allure of her aesthetics. Renata's interiors have been expertly crafted to mirror her sleek exteriors, combining style and comfort. The main deck features a spacious salon with an intricately designed dining table for 12, along with a large TV and ample seating. An open aft area on the main deck offers an al-fresco dining space, perfect for enjoying meals served from the large galley. The expansive Sundeck is one of Renata's most striking features, offering a front-facing Jacuzzi, a perfect place to unwind while enjoying gatherings under the shade or stars. The aft portion of the Sundeck is equipped with an informal al-fresco dining area, bar, barbecue, and chaise lounges for a relaxed yet stylish outdoor experience. For those seeking even more indulgence, Renata offers a beach club complete with a sauna and a spacious swim platform, ideal for enjoying water sports or simply lounging by the sea. For guests who crave adventure, Renata is equipped with an extensive collection of water toys, including two jet skis, and a variety of equipment for water sports. Whether it's exploring the coast, engaging in exhilarating activities, or relaxing on the swim platform, Renata ensures there is something for everyone. Guests will enjoy state-of-the-art audio and video equipment throughout the yacht, both in common and private areas, ensuring entertainment and relaxation at the highest level. With her stabilisers and transatlantic range, Renata offers both comfort and performance, ensuring smooth sailing across vast distances.
