Launched in 2010, this luxurious vessel is designed to provide an unforgettable charter experience for up to 8 guests in complete comfort and style. CYNTHIA features a GRP hull and superstructure that provides impressive speed and efficiency, cruising comfortably at 20 knots with a maximum speed of 32 knots thanks to her twin MTU engines. With a dedicated crew of 6 onboard, guests can enjoy a relaxed and personalized charter experience tailored to their needs. The spacious salon is perfect for relaxing or socializing. CYNTHIA stands out for her exceptional outdoor spaces. The wide cockpit and large flybridge with a hardtop offer plenty of seating, shaded sunbathing areas, and breathtaking panoramic views. Moreover, this 4-cabin motor yacht is going through an extensive renovation in the winter of 2024/2025, ensuring she remains in pristine condition. Additionally, her zero-speed and underway stabilization systems guarantee a smooth and comfortable journey, even in rough conditions. For water sports enthusiasts, CYNTHIA offers an array of water toys and equipment, ensuring endless fun on the water.
